

**Tina**  
WrapAround Program

I found out about WrapAround through a shelter in Charlottetown. With WrapAround my Family, friends, and I work together as a team. WrapAround has given me many choices, I have been able to take what I want and leave the rest.

During my involvement with the program they helped me transition to a wonderful home, they helped me with my finances (improving my budgeting skills), they helped me socially to start attending support groups, and they also helped me find a spiritual outlet that I felt comfortable and connected to. WrapAround has helped me to address medical concerns through clinics and doctors in the community and has helped me to access counseling services to help me overcome difficult issues.

With having housing and finances settled. I was able to spend more time focusing on my personal goals, i.e.: community school, family and friends, Drivers Ed, searching for employment; and researching ways to further my education. (I was accepted into a “Youth Ambassador’s Training Program”). WrapAround has helped me to find place to volunteer to improve my skills & further my education. WrapAround is currently helping me to find more independent housing.

I’m extremely grateful for all the support The United Way has given my family, and me more than words can say. I would be lost without it. Thank you everyone for your continuous support to the United Way.
